Release Plan

Truck-d

Team: Julio Hurtado, Mathew Scolari, Robert Mushkot, David Orellana

Release Date: 12/2/19

Revision Number: 0, Revision Date: 10/8/19

High Level Goals:

1. **Customers can:**
   - Search for different food vendors.
   - View vendors menus.
   - Place an order for their food.

2. **Vendors can:**
   - Sign in/up for an account.
   - Control vendor information. E.g. name, location, hours.
   - Add and edit personalized menus.
   - View a queue of customer orders.

User Stories for release:

- **Sprint 1:**
  - *8 Points* - As a customer or a vendor, I want a landing page to choose the experience I would like to continue with on the site
- **Sprint 2:**
  - *5 Points* - As a vendor, I want a homepage so that I can sign in
  - *5 Points* - As a customer, I want a homepage so that I can search for food trucks in my area
- **Sprint 3:**
  - *5 Points* - As a customer, I want a list of vendors so that I can choose a place to eat
  - *3 Points* - As a vendor, I want a profile editor to edit information about my food truck such as location, hours, etc.
  - *3 Points* - As a customer, I want to add menu items to my cart so I can buy food.

- **Sprint 4:**
  - *5 Points* - As a user, I want a place to view my order so that I can review the items before placing my order
  - *5 Points* - As a vendor, I want an order queue to manage all incoming orders for my restaurant

Product backlog:

- As a customer, I want to filter my food options so that I can find what I want to eat easier.
- As a customer, I want a receipt so I have a copy of my order
- As a customer, I want to receive a text message/email/push notification for when my food is ready so I can get my food as quickly as possible.
- As a customer, I would like to purchase my orders using online payment to speed up the pick-up process at the food truck
